

# Money Ready, Change the Game: understanding financial education for children

## Opt-out form

Dear parent/guardian,

Please read this after you have read the Participant Information Sheet provided.

If you do not opt your child out, we will undertake the following activities as part of the research:

- We will ask your child to complete one short questionnaire relating to their financial attitudes and behaviours when they are in (if applicable) Year 2, 4, and 6.
- Researchers at King's College London will access data about your child, as outlined in the information sheet, including:
  - Administrative data, including identifiable data, shared by your child's school.
  - Academic records and other administrative data, including personal data, stored in government databases.
  - Connecting your child's responses on the surveys to data from your child's school and the government databases.

**Please note, if you opt your child out the research, they may still take part in Money Ready activities in school.**

If you **DO NOT** want your child to participate, please complete and send this form to [edit@kcl.ac.uk](mailto:edit@kcl.ac.uk) within two weeks of receiving it.

There is **NO NEED TO RETURN THIS FORM** if you are happy for your child to participate.

I do not want my child's information to be used in this research project (please tick box if you **do not** want your child to participate).
