Dear WD Families,

Re: Pollen Season & Allergies

As we are now entering the pollen season, we would like to remind our families to take the necessary precautions if your child suffers from allergies.

Please ensure that your child has taken their antihistamine before coming to school each day, where appropriate. It is also important that your child has the correct medication available in school, as prescribed by your GP, to be used when needed.

If you need to bring medication into school, please make sure it is clearly labelled with your child's name and provided in the original packaging from the pharmacy. All medication should be handed in to the school office and the relevant forms must be completed.

If you have any questions or require further support, please speak to the school office or Mr Shevket.

Thank you for your cooperation.

Kind regards,

A handwritten signature in black ink, appearing to be 'Derek Hewie', with a long horizontal stroke extending to the right.
