Dear Year 3 Families

Re: iPads for Year 3

You may be aware that each of our Year 4, 5 and 6 pupils have an iPad device from school that they are able to take home to use at weekends and during any school closure. They each currently have the device at home to allow them to meet their teacher and to complete any tasks given to them whilst they cannot attend school.

We are writing to inform you that we will now be distributing iPads to each of our Year 3 children. We are very fortunate to be in a position to be able to make this offer. The children will be able to use the iPad whilst they remain at home and will be required to bring it back when we return to school after the restrictions are lifted. **Please note that the iPad can only be used for educational purposes.**

We would like to invite you to attend school to collect the iPad and charger and to sign a permission form on **Friday 8th January** between **12.00pm and 2.00pm**. If your child is in Year 3 and is attending school during the lockdown, you do not need to collect the device. In addition, if you have a device at home and you do not need another iPad, then there is no need to attend to collect. Any remaining devices can be used to support a child in a younger year group. **If you do not need the iPad, then do not come to collect it.**

We would like to remind you that we expect your child to complete the work given to them by their classteacher. Your child should be attending the live lessons and accessing pre recorded videos made by their teacher. As we are currently in term time, the children should be completing work unless they are sick. Our teachers are working hard to provide quality work for the children.

In the meantime, if you have any questions please do not hesitate to contact us.

With best wishes,
